

# Environmental Policy

Safety. An absolute.

Titan Fire + Security Ltd remain committed to protecting and enhancing the environment. In so doing we shall operate our business responsibly within environmental regulations and legislation.

To meet this policy aim we will endeavour to meet, exceed or develop environmental performance through the following:

- Be aware of environmental legislation and comply with requirements
- Train our employees and colleagues in the management environmental issues and techniques
- Minimise energy wastage, CO<sup>2</sup> emissions, and production of internal non-recyclable or non-reusable waste
- Promote the use of recyclable, reusable and renewable materials where possible
- Minimise pollutants to water, land and air
- Control noise emissions from operations
- Protect the general public and employees from our activities
- Work towards external recognised independent accreditation for environmental management

Our waste management process details are :

- Our engineers carry a Waste Carriers Licence to permit legal transportation of any client / our own waste
  - Our premises are registered as a holding site for client / our own waste for safe disposal or recycling
  - All waste is logged and accordingly ready for correct applicable removal
- Certificates of safe disposal are provided by our chosen waste management partner

- Waste audit trail records will include
  1. Engineers waste transfer notes
  2. Waste removal certificate
  3. Waste disposal certificate (where applicable).
